# AveoFlash™ Lights

**AVEOENGINEERING™** has developed the AveoFlash™, a powerful package of LED lighting systems for small aircraft that feature easy installation, low power draw, and high candela output. These **AFFORDABLE, RELIABLE** and **LIGHTWEIGHT** lighting packages provide the ultimate in safety features for today's light aircraft operations.

**All pilots want to see and to be seen.**

Easy to install

12v power supply!

No separate box to wire in!

Nav/Strobe LED!

The brightest lights available

.25 amps per Wing Tip Light

AveoFlash™ LED lights feature the exclusive SmartStrobe™ internal circuitry which totally eliminates the need for external heavy-draw flasher/strobe box units.

**DO NOT ENDANGER YOURSELF BY FLYING WITH WEAK, GARAGE-BUILT LED LIGHTS, THE REASON FOR THE RULES IS TO MAKE YOUR AIRCRAFT VISIBLE, TO PREVENT ACCIDENTS. BE SEEN, NOT SORRY!**

**LIFETIME WARRANTY!!**

***All AveoFlash lights are warranted for the life of the Aircraft!!***
